Gallagher Asphalt

www.hotinplacerecycling.com

Gallagher Asphalt is one of the country's leading Hot-in-Place recycling contractors. Hot-in-Place recycling is an extremely environmentally-friendly process that saves agencies over 30% versus the conventional "grind and overlay" approach. Hot-in-Place recycling is an intelligent, low-cost maintenance strategy that yields the same benefits as traditional resurfacing using existing materials. Recognized as a DOT-Approved process in many states nationwide, Hot-in-Place typically qualifies for state and federal funding.

Wright Asphalt Products Co.

www.wrightasphalt.com

Wright Asphalt Products Company specializes in providing asphalt products processed from environmentally-friendly, 100% recyclable tire rubber. Our Tire Rubber Modified Asphalt Cement (TRMAC™) Technology delivers smooth, homogeneous asphalt products made from recycled tire-rubber and modified into asphalt cement and asphalt emulsions. Wright's entire line of asphalt products meet and/or exceed the minimum requirements for each state, making them a viable, cost-effective solution. Our asphalt products last longer than conventional products, are used with conventional equipment, and saves the planet from excess waste.
